

Applied Multilingual Studies Minor Requirements

Required Units: 54-57

Prerequisites

There are no prerequisites for this minor. The core course in the study of language and culture cannot be fulfilled with any placement credit transferred into Carnegie Mellon. Progress in language and culture will be accelerated by study abroad, which is highly recommended. The study abroad advisor for the AMS program is Sébastien Dubreil, sdubreil@andrew.cmu.edu.

Students may double count one course taken for the AMS major that are also being used to fulfill the requirements of other majors, minors and programs. This does not include double-counting with General Education requirements.
