### Meet The HUB

As of June 1, first-year student records have officially moved from the Office of Admission to The HUB, Carnegie Mellon's one-stop-shop for student enrollment services. The HUB staff provides assistance and counsel to students and families for financial aid, billing and payments, registration activities and academic records. Based on your college and program, you are assigned a HUB liaison who will serve as your single point of contact throughout your university experience. The HUB also provides ID Card services.

## Financial Aid Process

Carnegie Mellon's My Student Aid (MSA) portal provides an overview of your financial aid. Within the portal, you can track the status of your application, submit supporting documentation and forms, and review your financial aid offer and estimated cost of attendance. If you applied for financial aid and additional documentation is still needed or your information needs to be verified, you may receive an email with detailed instructions for submitting additional documents through MSA. It is important to submit requested documents as soon as possible to ensure your financial aid funds are applied to your student account in a timely manner for the fall semester.
